

## GOVERNMENT FUNDED TRAINING COURSES

**The Skills Funding Agency and the Education Funding Agency provide funding to training companies to provide training to individuals for free.**

There is a course directory online which contains information on courses offered by learning providers who are contracted with the Skills Funding Agency (SFA) or funded by the Education Funding Agency (EFA).

The directory contains information from over 4000 organisations including colleges, schools, training providers and local education authorities. The file is updated monthly.

Courses featured include adult further education, adult community learning, Apprenticeships, courses that are co-funded by the European Social Fund, and courses aimed at people aged 16 to 18.

The Website Address to find these courses is:

<http://data.gov.uk/dataset/sfa-course-directory/resource/a821c748-416c-4240-8b2a-957fdf5fbf04>
